This new-type concrete road will last 50 years... and more.

Drive it on America's new Interstate System highways

New-type, sound-conditioned concrete will still be fun to drive in '75

Not a "thump" to be heard on this continuous-laid concrete. It's almost like riding above the pavement, instead of on it. Sound-conditioned concrete has no joints... only tiny, sawed cushion spaces. You skim over them and don't know it! "Air-entrainment" prevents surface roughening, keeps concrete smooth. Laid flat, new-type concrete stays flat and will last 50 years and more.

The Interstate System is planned for the traffic of 1975... when concrete laid today will still be "new" and fun to drive.

Built-in safety for Massachusetts highways

The grainy texture of new-type concrete resists skids even when wet. No unevenness, no "fighting the wheel." It reflects light, too. You see up to 4 times better at night on light-colored concrete than on a dark surface.

ST. DOROTHY'S ANNOUNCEMENTS

There will be a meeting of the CYO on Thursday evening at St. Dorothy's Hall at 7:30.

The question and answer class is held each Sunday evening at 7:45 at St. Dorothy's Hall.

The Novena in honor of Our Lady of the Miraculous Medal is held each Monday evening at St. Mary's Chapel at 7:45.

Student altar boys should meet on Monday evenings at 7 at St. Mary's.

The priests of the parish are grateful to the blitz committee for the proceeds of last Tuesday evening's party. There will be another party in this series this coming Tuesday evening at St. Dorothy's Hall at 8:15.

They are also grateful to Mrs. James Gilligan and her committee for the proceeds of last Friday's whist. This coming Friday evening, members of the CYO will conduct the whist party at St. Dorothy's Hall.

The priests of the parish are also grateful to Mr. Con O'Brien and those who assisted him with the installation of the new side door at St. Mary's Chapel. The old door was pretty well rotted out and was badly in need of replacement.

A small gold pendant in a star shape which seems to be part of an earring was found at St. Mary's recently. The owner may claim it from the organist.

Connecticut was one of the top states in the nation during 1957 in percentage gain in the use of cement. This was due in part to the construction of the new Connecticut Turnpike.

A spectacular new wind tunnel is being built for testing missile nose cones. In this new tunnel, speeds up to 15,000 miles an hour can be reached momentarily and temperatures up to 18,000 degrees F. can also be reached.

The largest concrete shell roof in the world is under construction in Paris, France. This roof, which will look very much like a corrugated concrete "big top," will span 720 feet between supports on the triangular building of the 5.5 story exposition palace in Paris and will rise an awe-inspiring 152 feet above its springing line. It will be one of the architectural marvels of the world.

Possibly you haven't heard the one about the office receptionist who asked her boss "could I please take a two weeks' vacation if I save up 320 coffee breaks?"

JOHNS-MANVILLE INITIATES NEW VENTURE

Johns-Manville opened the first continuous-process asbestos-cement pipe plant in the United States today, at Denison, Texas, according to V. B. Padham, local plant manager.

It was an asbestos-cement industry technological innovation comparable to introduction of the first continuous strip mill in the steel industry, Mr. Padham said.

The new plant, operated by electronic push-button controls is an almost completely automatic factory according to Johns-Manville engineers but requires 250 employees to keep it operating. It is the eighth new plant scheduled for production in 1958 as part of the company's 100th Anniversary expansion program.

The Governor of Texas, the Honorable Price Daniel, gave the signal that put the J-M Denison Plant into operation. The plant brings an entirely new type of industry to Texas. Asbestos fibre, one of the principal raw materials used in the manufacture of Transite asbestos-cement pipe, will be shipped to Texas directly from the company's Canadian mines in Quebec and Ontario.

The plant will serve the southwestern states and adjacent territories. It was located at Denison, northeast Texas, birthplace of President Eisenhower, to speed deliveries and reduce shipping costs, Mr. Padham said. It is the seventh Johns-Manville plant in the United States and Canada devoted exclusively to manufacture of Transite asbestos-cement pipe for water and sewer systems, irrigation and industrial process lines, electrical and telephone conduit, air conditioning and other ducts, vents, flues and stacks.

U. S. submarines participated in every major operation and sea battle in the Pacific during World War II.

Family Service Announces Scholarship

Family Service of Greater Lowell has been notified by Family Service Association of America that it has been awarded a liberal two year scholarship grant for a student who plans to enter a graduate School of Social Work in September, 1958.

This plan for an educational grant to a student was initiated by the Family Service Association of America to help overcome the serious personnel shortage in the social work field. Family Service of Greater Lowell, a United Fund member agency has for many years been used by graduate Schools of Social Work for field work education for its students because of the teaching opportunities and quality of the local agency's professional staff. Six years of college education are required before a Master's Degree is received from a School of Social Work.

Family Service was one of twelve family counseling agencies in the country to receive such a grant.

Anyone who has successfully completed four years of college and has received a degree is eligible for the Scholarship which will entitle the student to two more years of professional education in a School of Social Work. For further information contact Mr. Eli Ehrlich, Executive Director of Family Service, 16 Shattuck, Lowell.

Newest addition to the Coast Guard fleet is the 95-foot patrol boat. These sleek, fast and versatile vessels are assigned to major ports throughout the United States.

The annual ladies game between the major and minor league mothers will be played at Little League Park on Sunday afternoon, July 13.

Fatal Accident June 19

Raymond E. McGonigle of Lakeview Rd., Tewksbury, pronounced dead on arrival at Choate Memorial Hospital, following a head on collision on Main St., at 11:40 p.m. on Thursday, June 19.

McGonigle, traveling north met head-on near the Shawheen Bridge, a car being operated by Dale Lobson of Ames St., Tewksbury. Lobson and seven passengers riding in his vehicle were all injured, several of them seriously. Only one, Andrew Hammond, 16 of King St., Wilmington was released from St. John's Hospital following emergency treatment.

Evelyn Pearson, 16 of Washington St., Wilmington was the most seriously hurt and on Monday, June 23, had not regained consciousness.

John McCabe, 15 of King St., Wilmington, was confined, having suffered a broken wrist and collar bone. Roberta Connelley, 16 of Richmond St., Wilmington received a broken jaw. Ronald LaLiberta, 17 of Tewksbury, Wilfred Martel, 18 of Tewksbury and Robert Allan, 17 of Lowell were all confined to St. John's with multiple injuries.

Ambulances from Billerica, Reading, Burlington and Wilmington rushed to the scene. Officers Markey, Ritchie, Fuller, Sgt. Sidelink and Chief Paul Lynch of our local police dept. were also at the scene along with James Manning of the Registry of Motor Vehicles.

Both cars were determined to be a total loss and were towed from the scene.

Two Breaks At Tommy Buckles Home

Twice in five days, thieves broke into the home of Thomas Buckle on Church St. On June 17 at approximately 7:30 p.m. Mr. Buckle reported to police that his home had been broken into and that a short wave radio, a carper and a suitcase had been stolen. Estimated value of the loss was \$100.

Deputy Hoban investigated the break.

On June 21, Mr. Buckle again complained to police that his home had been broken into and that this time a Philco radio was missing. Entrance was gained both times through a front window.

Officer Dolan investigated the second break.

Driver Escapes Injury

At 5:15 p.m. on June 22 Fred Ford of Tewksbury was making a turn from Glen Rd. to Harnden St., when his vehicle went out of control and struck a hydrant breaking it off. Mr. Ford's car was damaged to such an extent that it had to be towed from the scene, but luckily he escaped without injury.

Sgt. Shepherd investigated the accident.

Congregational Church News

The worship service next Sunday morning, June 29, will be a Communion service, and the Right Hand of Fellowship will be given to members who have not yet received it. The hour is 9:30 a.m.

After careful study, the Church Cabinet has voted unanimously to retain the winter schedule which has been in operation for the past few years. Commencing in the Fall the church will continue to have two sessions of the Church School on Sunday morning, at 9:30 and 11 a.m., and two worship services at month ends there is a single worship service. During the summer the hour is 9:30 a.m.

WILMINGTON WOMAN DIRECTOR OF DAY CAMP FOR RETARDED CHILDREN

Mrs. Warren B. Dawe of 112 Butters Row has been named director of the Summer Day Camp operated by the East Middlesex Association for Retarded Children. The camp is located at the First Congregational Church in Wakefield and will be held for eight weeks starting June 30. The children will attend three days a week from 9 to 12 noon.

Transportation will be provided for the children, who are covered by insurance, and are served mid-morning refreshments.

Wilmington parents of retarded children are invited to contact Mrs. Arthur Bureau of West St., OL 8-4900, or Mrs. Dawe, for further information on the program.

SELECTMEN'S NOTES

A joint meeting will be held Thursday evening at the North Reading Town Hall with members of the North Reading Selectmen and the Wilmington Board present. The meeting is called to discuss alleged violations of gravel regulations by an operator whose operation extends into both towns at a point where the boundary line is disputed.

A license was granted to St. Dorothy's Church for a festival which will be held on their grounds July 23-26.

Notice was received that all package good stores must remain closed until 1 p.m. July 4.

The Selectmen voted to change the date for applications for street betterments from Aug. 1 to Sept. 1. Mrs. Drew and Mr. Kidder voted against the change.

A license was granted the American Legion for a lobster cook-out at Town Park on Aug. 3.

A second class garage license was granted Donald Robbins for a garage recently constructed on Woburn St. The Selectmen voted to grant the license with the provision that a copy of the zoning-by-law applicable to the use be attached. Mr. Kidder voted no; the other four Selectmen voted for the license after a lengthy discussion.

Mr. Kidder based his refusal on information received from the city where the man now operates a similar business. The other Selectmen said they felt that since the man had been granted a permit to build the garage they felt they had no alternative but to grant the license and enforce the zoning regulations.

WHIST PARTY

The Silver Lake Betterment Association monthly whist party will be held Wednesday evening, June 25th at 8:45. Mrs. John McAndrew is chairman this month, assisted by Betterment Members. A fine assortment of prizes has been secured for this whist.

Refreshments will be served and the public is invited. A penny sale will follow the whist.

HIGGINBOTHAM - COSMAN

On Sunday, June 15, Sarah Ellen Higginbotham, daughter of Mrs. Madeline Higginbotham, 33 Adams St., became the bride of Daniel F. Cosman, son of Mr. and Mrs. John Cosman of Salem St.

The wedding took place at 4 p.m. in the Church of the Good Shepherd in Reading with Rev. Herbert Gerald officiating.

The bride, given in marriage by her brother, Herbert Higginbotham, was lovely in a full length white gown trimmed with bows of lace and seeded pearls. Her full length veil fell from a matching headpiece. She carried a Rainbow Bible adorned with a white orchid and stephanotis.

Andria Bishop, close friend of the bride, served as matron of honor in a gown of white nylon with a green cummerbund. Her gown was trimmed with green bows and she wore a matching headpiece.

Serving as maids of honor were Madeline Syverson, Nancy Anderson, Barbara Odierno, Velma Bedell, Jane Randall and Louise Carnes. They wore gowns similar to that of the matron of honor.

Star Michaelson, niece of the bride acted as junior bridesmaid in a gown of white bloused cotton with a band of flowers extending from the left shoulder to the right hip. Her headpiece was adorned with white carnations.

John Cosman served his brother as best man. Acting as ushers were William and James Cosman, brothers of the groom; Roy Syverson and Louis Doherty, close friends of the groom.

Immediately following the ceremony a reception was held in the vestry of the church. Mrs. Higginbotham chose for her daughter's wedding a gown of white lace over pale green satin. She wore an orchid corsage. Mrs. Cosman, mother of the groom was attired in a yellow chiffon print with a matching hat. She also wore an orchid corsage.

Mary Lou Lucas, friend of the bride was in charge of the guest book.

For traveling, the new Mrs. Cosman chose a linen check suit of yellow and beige with matching accessories.

Following a two weeks wedding trip touring Northern New England and Canada, the couple will reside on Glen Road.

WILMINGTON LITTLE LEAGUE

Two come-from-behind, uphill victories were the big news in the Wilmington Little League last week. The Red Sox, trailing by four runs going into the last half of the sixth inning, exploded for four runs of their own to tie the game before going on to wrap up the win in the seventh inning on a bases-loaded walk. On Saturday, the minor league Cubs came up with an eleven run sixth inning, then held off a strong Braves rally to win their game, 15-14.

In other action during the week, Jeff Williamson came in to relieve a tiring Billy Ritchie and proceeded to strike out four consecutive batters to help the Tigers defeat the Yankees on Monday 11-9. Stu Ring had hit a three-run home run to bring the Yankees within close range in the fifth inning. The Indians strengthened their second-place position by tripping the Red Sox 11-3 on Tuesday in spite of Bill Williamson's long home run to center. The Red Sox-Yankees squeaker on Wednesday rounded out major league action for the week when Thursday rains caused postponement of the scheduled game between the two top clubs, the Tigers and Indians.

What everyone expected would be the minor league game of the year turned into a rout when the Redlegs crawled all over the Cardinals, 13-2. The Cardinal offense was stifled as Kenny Paglia turned in one of his better games on the Red leg mound. Friday night found the Giants overcoming the Dodgers 11-3 in an abbreviated game played under poor conditions as a result of the intermittent rain storms during the week. The Braves, only non-winners in either league, expect to get into the win column at the expense of the Dodgers Saturday morning.

CAMBRIA FIRM CELEBRATES GOLDEN ANNIVERSARY THIS YEAR

Jack Cambria (Friendly Jack) took over the business in 1929 which had been established in Boston in 1908 by his father, Charles Cambria. When Friendly Jack was 20, he moved it to Lowell. Jack plans to retire in June, 1966 and let his son Charles, who has practically grown up in the business, take over. Charles has been working in the business since he graduated from high school in 1949 except for two years of Army service. Recently Jack has come in for quite a bit of praise by clearing away over five acres of

land that he owns in Wigginsville at a cost of \$1,000 to provide a playground for the children of South Lowell. Jack moved his business to 1286 Lawrence St., in 1936 and has expanded many times since. Local Realtors To Take Part In National "Buy A Home—First" Campaign

Local Realtors are making plans to participate with thousands of others throughout the country in a "Buy A Home—First" campaign now being launched by the National Association of Real Estate Boards. David M. Gersin, president of the Eastern Middlesex Real Estate Board, said today.

The local board is one of 1,280 belonging to the National Association, the largest realty group in the nation.

The campaign is an intensive effort to tell the public of the value and importance of buying a home first. Mr. Gersin explained. Realtors across the nation will promote the slogan "Buy a Home—First" through special advertising in the various media, display posters, stickers for correspondence and windows, distribution of pamphlets, "open houses," and special programs.

"A home is the best buy on the market today," Mr. Gersin declared. "Real estate values generally, more than any others, hold their own whether it is the day of the declining dollar or the era of hard money. The current home market is probably more favorable to the buyer than in any time in recent history." The real estate executive observed that home ownership traditionally has been and will continue to be a sound long-range investment, and an excellent hedge against sustained inflationary periods.

Making monthly payments on a home, he noted, is the easiest and surest form of savings for the average family.

"The long term nature of home ownership, generally upwards of 20 years, dictates that home purchase should not be deferred because of short term economic uncertainties," Mr. Gersin said.

"Young couples in particular, whose long range earning potential is bright or stable," he added, "should not be unduly influenced by uncertainties they know or feel are temporary."

The local board president said those who overemphasize the debt obligation of home ownership tend to overlook the fact that in the course of years, the home owner reduces the principal of the mortgage and gains considerable equity. The fluidity of the existing home

market usually makes this equity available as cash within a short time, he noted.

"Next to food, providing for a family's future happiness and security through proper shelter is a man's foremost responsibility. There is no better way of doing this than making a down payment on a home which suits the individual's needs and budget."

"Whether in the young or middle years, it is something which should be done first. Rent receipts are notoriously worthless, no matter how many you save," Mr. Gersin said.

More than the couple, he continued, who bought a home first has found that by the time their

children were ready for college, contacts and friendships with children of other responsible citizens, they have greater social and moral potential than have the children of itinerants."

Mr. Gersin suggested that the safest and surest way for local citizens to get the best home for their money is to see members of the Eastern Middlesex Real Estate Board, who are entitled to call themselves Realtors.

"They are ethically obligated to protect both the interests of the buyer and seller, and are subject to severe penalties if they do not," he explained. "Because of their experience, integrity, and knowledge of the market, Realtors are in the best position to be of service to the prospective home buyer."

Names of brokers who are Realtors may be obtained by calling the local board office, or by looking for the term after their name in their advertising, Mr. Gersin said.

The U. S. Navy commissioned 68 submarines in the year 1944 alone.

Dr. Myrton F. Beeler Appointed Assistant In Pathology

Fifteen Massachusetts doctors have received appointments as Instructors and Assistants on the Harvard Medical School Faculty.

The Harvard Medical School started as a branch of the University in 1782. There has grown up in the vicinity of the Medical School, and become affiliated with it, a group of hospitals which are used for teaching and investigation. Some of those newly appointed will be associated with these hospitals, others will be in the Medical School.

Those receiving appointments were:

Dr. Myrton Freeman Beeler of 40 High St., North Wilmington, appointed Assistant in Pathology. Dr. Beeler received his A. B. in 1944 from Harvard College and his M. D. in 1949 at New York Medical College. He is associated with the New England Deaconess Hospital.

Methodist Men's Annual Meeting

The members of Methodist Men at the Wilmington Methodist Church will hold their annual meeting on Thursday, June 26 at 6:30 p.m. The men will come with their wives and enjoy a lobster dinner prepared by outgoing president Fred Seddon, Jack Randall and Gordon Reardon. Following the dinner the election of officers for the coming year will be held.

Entertainment has been arranged by Carl Backman. He has secured the services of magician David Glusker, a student at Eastern Nazarene College and youth Chaplain at Asbury Grove this summer.

Andrea Bischoff Graduates La Salle

Andrea Bischoff of Wilmington was among the 256 young women who were graduated from LaSalle Junior College, Newton, at its commencement exercises held recently on the LaSalle campus.

Speaker for the occasion was Dr. Edmund J. Gleazer, Jr., Executive Director of the American Association of Junior Colleges, who addressed the third largest class in LaSalle's 107-year history.

Miss Bischoff, who is the daughter of Mr. and Mrs. Otto F. Bischoff, 56 Burlington Ave., was awarded the Associate in Science degree. Her activities included the glee club, and the softball team.

SELECTMEN RECEIVE OFFER OF URBAN RENEWAL AID

A letter was received recently by communities. Many cities have undertaken very energetic projects and a great deal has been accomplished in these communities. Other communities have not, however, taken full advantage of the program available to urban renewal. It is apparent in communities where projects have been started that a substantial economic gain can be realized. For example, a well planned project normally results in an increase in tax rolls, is helpful in attracting new industry, and provides more attractive and comfortable living quarters for the town's residents.

The letter follows:

Dear Mr. Hagerly:

As you may know, I have in recent weeks been investigating all of the possibilities for Federal assistance in our Massachusetts Communities, particularly those which have adverse employment conditions at the present time. I of course want to be sure that all of our communities have a fair share of the several Federal programs designed for community assistance.

I am therefore writing to you to call to your attention what I consider to be very excellent program in which I am sure you have considerable interest.

A few weeks ago a meeting was held here with top officials in the Urban Renewal Administration. I acquainted myself with the status of various urban renewal projects in Massachusetts and discussed additional projects which might be undertaken which would insure to the benefit of our Massachusetts

communities. Many cities have undertaken very energetic projects and a great deal has been accomplished in these communities. Other communities have not, however, taken full advantage of the program available to urban renewal. It is apparent in communities where projects have been started that a substantial economic gain can be realized. For example, a well planned project normally results in an increase in tax rolls, is helpful in attracting new industry, and provides more attractive and comfortable living quarters for the town's residents.

There has been much discussion in Congress on steps which can be taken to aid local economic conditions in many communities. Here is one program in existence and available for use by all of our communities. I am therefore enclosing material describing the urban renewal program for whatever interest it may be for you. I certainly will be glad to assist in any way I can with projects which you may be interested in undertaking.

Best regards,

Sincerely,
Leverett Saltonstall,
United States Senator

Book Sale And Auction Saturday

Plans for the book sale and auction to be held at the Methodist Church on Saturday, June 28 beginning at 9 a.m. are nearly complete. The committee on Christian Education wishes to express its appreciation to all persons who have donated books for the program. There are a number of excellent books available and the members of the community will want to avail themselves of them.

The sale will begin at 9 a.m. and continue through the day until 5 p.m. At 2 p.m. in the afternoon an auction will be held for special volumes that have been given for the sale.

Persons still having books they would like to donate may leave them in the church office any day this week.

Break And Entry At Buzzell School

On June 22, Ernest Call reported to police that a break and entry had been made at the Buzzell School. Entrance was gained by forcing a rear door. Apparently nothing had been taken except a few pens and pencils.

Officer Cuoco investigated the break.

LOCAL LADS TRAPPED IN CAR FOR ALMOST TWO HOURS

On Friday, June 20, at 2:30 a.m., Carl Backman of 25 Parker Street, and Philip Nelson of 13 Chestnut Street were involved in an accident which trapped them in their car for almost two hours.

Nelson suffered an injured knee and was cut under the chin. His passenger, Backman suffered an injured right leg and foot. Both were taken to the Charles Choate Memorial Hospital, Woburn, Mass., and treated by Dr. Daniel Joyce, and then released. The accident occurred on Main St., at the corner of Kilby Street.

Nelson was the driver and he reported to the police that he fell asleep at the wheel, and crashed into the light pole. The pole was snapped off at the base and moved about twenty feet north of its permanent position. The pole held a transformer and the weight of the transformer brought the pole down in the middle of the street.

As the transformer fell, it hit the hood and roof of the car, causing six or seven large explosions; wires and transformer started to burn. Police from Woburn arriving at the scene were aware of the danger and were helpless in aiding the two victims. Officer William Magee and Albert Flaherty notified their headquarters by radio and Lt. Joseph Doherty called for the emergency crew from the Edison Company.

The Fire Department was also notified for emergency lighting. Gasoline generated lighting units were set up. Fire Captain Edward Callahan and firefighters Frank Daley, Jacob Kohler and Walter Leng were assisting.

When the transformer fell, it cut off all the lights in Woburn Center and vicinity and both police and fire stations were without lights. A generator was supplied by the Auxiliary Fire Department. Burglar Alarms were set off in the stores in the center due to the sudden cut of current, and all emergency lights were extinguished. Power was cut off for over two hours.

The trouble shooter from the light company arrived at the scene about 3:15 a.m. and cut wires from three specific places to relieve the danger. The Edison crew arrived about 4:10 and the police officers were able to open the doors of the car and remove the victims.

The young men, police officers and firefighters were commended for being safety minded, because if the trapped victims made any attempt to free themselves, they could have possibly been electrocuted on the spot. All officers comforted them, and assured them that if they "sat tight" they would be released soon. The victims assured everyone that they were not seriously injured, but just plain "scared", and they were released at approximately 4:10 a.m.

WILMINGTON YOUTH CANTEN

A contest was held to select an emblem for the Wilmington Youth Canteen. High School students were eligible to participate and their drawings were submitted to Mr. Ciano of the High School Art Department.

Judging was on the basis of aptness, originality and artistic ability. The Junior Planning Board of the Canteen acted as judges.

Winners were selected as follows: Warren McFeeters, first prize; George Lafonatis, second prize; and Donna May, third prize.
